

# YOUR GIFT: \$250,000 FAMILY FUN ZONE

## *Your Legacy*

- Name recognition prominently displayed on a sign as you enter the main entrance to the Family Fun Zone.
- Donor spotlight announcement in a press release to media outlets and featured on Respite Transformed Campaign website.
- Opportunity to attend the ribbon cutting ceremony and capture a family portrait on the campus to acknowledge your family's multi-generational legacy of support.

## *Your Impact*

We are thrilled to share our plans for the Family Fun Zone, a haven designed to foster recreational discovery, creative play, and meaningful interaction among FPS Families. The Family Fun Zone contains:

- **Nature Playground:** A play environment seamlessly blending with the natural landscape, where children can roam freely, exploring, running, jumping, climbing, and swinging. This space will not only encourage physical activity but also spark imagination and wonder in children facing the realities of cancer within their families.
- **The Pavilion:** Providing respite from the sun, the Pavilion will be a sanctuary where families can recharge between play sessions. It will also serve as a versatile gathering space for therapeutic activities and entertainment, offering moments of relaxation and camaraderie for families navigating the challenges of cancer treatment.
- **Play Lawn:** Our expansive play lawn will be a year-round haven, offering endless opportunities for families to engage in active play. From frisbee and soccer to snow stomping and making snow angels, this space will inspire movement and laughter, providing much-needed moments of joy amidst difficult circumstances.
- **Cornhole, Shuffleboard & Bocce Area:** For families seeking leisurely activities to unwind and reconnect, this dedicated area will offer opportunities for friendly competition and relaxation, strengthening bonds and creating lasting memories.
