

# YOUR GIFT: \$100,000 FAMILY LODGING

## *Your Legacy*

- Name recognition prominently displayed by the entry door to one of the Family Lodging Units.

## *Your Impact*

Our Respite Center will contain twenty single family units, providing weekly lodging to sixteen families and four volunteer families/groups weekly. Our lodging has been thoughtfully planned to provide moments of connection for our families, with private balconies with a view, a kitchenette, dining table and a bathroom equipped to tailor to their needs.

Our family lodging will range in accommodating a family of four members up to eight members and four family units will be ADA accessible. Creating an adaptable sleeping environment is critical to providing restful sleep for all family members. Each unit includes two queen beds and a reclining chair to provide the patient with various opportunities to be comfortable as well as remain supported by their caregiver and children. The rooms will provide an oasis for our families to fully realize the therapeutic benefits of respite.
