

Create Better Ideas

May 22, 2024

Dear FPS Supporter,

I am writing to encourage you to support For Pete's Sake Cancer Respite Foundation and its endeavor to construct the nation's first Cancer Respite Center at Woodloch.

Phillips has partnered with FPS for nearly 20 years, and since that time, we have had several hundred Phillips' Partners support our FPS efforts for both fundraising and advocacy. Our Partners have referred potential families for both Travel and Staycation Respite and have been part of the Respite Reinforced program around the holidays, giving of their time, talent, and treasure. Phillips' customers have been part of our advocacy and fundraising efforts on #GivingTuesday and we have learned the tentacles of cancer touch nearly everyone in our community. Thus, our Partners' ability to help underserved families in the cancer crisis resonates within both the Phillips community and beyond to our extended customers within the CNC industry.

Just last month, we elevated our support and made a commitment to the Cancer Respite Center Project. Over the years ahead, we anticipate further support of this endeavor, especially with the added volunteer component that is now part of the Respite Experience. In the next few months a few of our Partners will be trained as respite facilitators and work directly with FPS Families while on respite. Giving back is our culture, and our collaboration with FPS drives our philanthropic mindset.

I strongly encourage you to be a part of our trailblazing endeavor with a leadership naming opportunity as we collaborate to construction the nation's first Cancer Respite Center. Phillips' partners would be greatly impacted by this generosity. Let's do this together!

Please feel free to call me with any questions you may have about this amazing endeavor.

Fondly,

A handwritten signature in blue ink that reads "Alan".
